SUBJECT : GOOD PRACTICE AREAS OF DESTINATION FOR REPLICATION

In line with the government's continuing commitment towards enhancing local government units' (LGUs) capacities for improved local governance, the Department of the Interior and Local Government (DILG) through its project "**Good Practices in Local Governance: Facility for Adaptation and Replication**" (GO-FAR) has come up with a database of good practices for replication. These good practices in various sectoral areas of local governance are innovative and sustainable programs of other LGUs that are tested- solutions to their problems. Some of them have earned recognition for remarkable results and some have already been areas of destination for lakbay-aral or replication inception workshops.

Accordingly, to assist other LGUs find solutions to their local governance-related problems, a menu of good practices which are ready for replication is being offered. These practices are documented in the GO-FAR template to provide guidance to replicating LGUs and enable them to understand how these good practices were implemented.

In line with this, all Provincial Governors, City and Municipal Mayors, and Punong Barangays encountering similar problems are hereby encouraged to look into these good practices at the Local Government Resource Center (LGRC) in their concerned region or at the BLGD KMC/DILG Website: www.DILG.gov.ph.

Interested LGUs who wish to visit and consequently replicate the chosen good practice may contact the concerned DILG Regional Office or the Bureau of Local Government Development (BLGD) at telephone numbers: (02) 9299215 or 35 and telefax 9277852.
